

VIRGIL'S ZERO

MADE NATURALLY FOR THE ROOT BEER, CREAM SODA, BLACK CHERRY CREAM SODA, ORANGE CREAM SODA AND REAL COLA CONNOISSEUR, VIRGIL'S IS ONE MAN'S PASSION TO CREATE THE FINEST SOFT DRINKS EVER PRODUCED.

This new zero versions of our famous Virgil's beverage line is naturally sweetened with Stevia, an all natural, zero calorie sweetener affectionately called "Sweetleaf". Stevia has its roots in South America where certain indigenous tribes have used it as a sweetener for centuries. Currently, Stevia is being used in many countries around the world. In Japan, Stevia accounts for 40% of the sweeteners consumed. Most Stevia sodas also use sugar alcohols such as erythritol to sweeten their product. Virgil's contains Zero sugar alcohol.

After retiring from a very successful career in the beverage industry, Ed Crowley set out to research what it would take to make the finest soft drink ever. As a result of his research Ed developed the recipe for Virgil's Root Beer. Recipe in hand, his search for the finest ingredients took him around the world. The results are an NASFT award winning soft drink made naturally without caffeine or preservatives.
